
2.8m Small Angled Flag

Single sided

HOW TO USE THIS TEMPLATE

Drawn at 1:4 scale. Don't resize the artboard.

Red line: the finished edge of the flag.
Outer line: edge of the bleed. Run your background out to it; part of it sits inside the pole sleeve.
Green line: keep text and logos inside it.

Name this layer Guides and lock it. Put your design on a new layer underneath.

Send us two PDFs, both with Illustrator editing kept on:
With guides: so our studio can check your text and logos sit inside the green line.
Without guides: this is the file we print.
