ABOUT THIS MATERIAL

A clear matt vinyl with a repositionable adhesive laid down in a dot pattern, so air escapes as you smooth it on by hand: no bubbles, no squeegee skills, and you can reposition it while fitting. Print it to read from outside, inside or both, with white ink behind the colours so they stay solid against daylight. Made for short-term indoor use.

GOOD FOR

- Promotional and sale windows
- Seasonal window displays
- Glass doors and partitions
- Clear stickers, kiss cut on a sheet
